COLUMBIA.

BORN.—In Philadelphia, July 4th, 1876, of poor but earnest parents, Columbia.

This child has had an eventful career. Just as she started life she refused to take a dose of tea and lax administered by her foster mother, and as a consequence had a severe illness of seven years. Her chances for recovery were very small, being only 3,000,000, while Britannia, who undertook to make her take the dose, had many more. Dr. George III persisted but Columbia was stubborn and finally "threw up" the dose in Boston Harbor. But from this she continued to thrive and grow, adding to her family every little while, with no serious sickness until April 14th, 1861, when she had a severe attack caused by a disease known as slavery, which had afflicted her from her birth. Part of her system had got used to this complaint and did not wish to cure it, while the lady herself began to be troubled with it—it having assumed the alarming characteristics of consumption. Being much stronger than when first ill, she administered a very strong dose of powder and bullet, and amputated pretty freely, but as her hold on life was very tenacious, she again came from her sick room. Pale and weak, with four billion eruptions on her person, she had a hard time of it for a few years. She has continued to carefully doctor herself, with occasionally a little backset, until now the eruptions are decreased to a little over three billion. Her birthday coming she decided to have a big time, to last six months, and so inviting all her country cousins from all parts of the earth she has given them a party at Philadelphia, where they are now enjoying themselves, the guests of this precocious child. During her entire life she has not ceased to grow in size and strength, adding to her family all the time, until right in the midst of her birthday festivities she gave birth to her thirty-eighth child, which she has christened Colorado. Her pet, the eagle, soars whithersoever it will, none daring to molest it, fearing to arouse her anger. Her coat of arms, made of thirteen stripes and thirty-eight stars, is respected wherever it is seen, and many is the hearty congratulation she has received of "All hail Columbia, the gem of the ocean."

SAVAGE ELECTION.—Yesterday the stockholders of the Savage mine met in San Francisco and elected the following Trustees: Jas. R. Keene, Henry Keene, J. W. Coleman, Thos. H. Williams and S. Steinhardt. J. R. Keene was elected President, Harry Keene, Secretary. The report shows the receipts of the last year to have been \$843,734 58, and the disbursements the same amount. No changes in the officers of the mine was made at the meeting. The new Trustees have said on the street that Sam Curtis will be the new Superintendent. Nearly 100,000 shares were represented. There was no contest.

It is said the Governor Tilden desires that Horatio Seymour be nominated for Governor of New York. On this subject the Brooklyn *Argus* says: "Horatio Seymour for Governor might help to pull Uncle Sammy through; but it would be like a magnificent sound steamer towing a worm-eaten yawl."

The Sutor Tunnel is now in a distance of 13,745 feet. The ground passed through last week was very light, requiring no blasting; but the present ground is much harder. The temperature in the extreme end of the tunnel is 80 degrees. The flow of water is 180 inches. It employs 120 men.

Pratt, the abolition oil man, held forth last night, with songs, jokes and banjo.

WESTERN DISPATCHES.

San Francisco News.

SAN FRANCISCO, July 20.

Between 7 and 8 o'clock yesterday morning Frederick Kregue, an old California miner, but during the last three years a saloon keeper in Oakland, blew out his brains in that city by shooting himself in the forehead with a revolver. An inquest was held last evening, but not the slightest cause for the self-destruction could be ascertained.

Governor Irwin has pardoned Geo. Martin, the bunco sharp, who was convicted last April for practicing the game. The petition for the pardon was signed by a large number of persons on account of the prisoner's suffering with disease of the heart and lungs.

The Centennial decorations of Brady's saloon, on Market street, caught fire last night. Among the decorations destroyed was a picture of Andrew Jackson valued at \$2,000. The General Court-martial for the trial of Colonel Wasson, of the Third Regiment N. G., convenes in this city on the 24th inst.

Fifty Chinamen were arrested at the Continental Building last night for sleeping in too limited quarters, and most of them were convicted in the Police Court to-day.

RENO'S PRIDE.

Bishop Whitaker's New School for Girls—A Valuable Institution.

The new Episcopal Seminary, now being constructed in Reno, will be one of the handsomest structures in the State. A visitor to Reno, whether coming from the East or from the West, says the *Virginia Chronicle*, cannot pass through without immediately noticing the grand edifice looming up in the northwestern portion of the town. Bishop Whitaker has for years been engaged in pushing ahead his praiseworthy object of founding a school for girls, and now his efforts are crowned with success. The location of the Seminary is admirable. It is situated on a knoll about three-quarters of a mile from the town, and commands a superb view of the entire valley. The Bishop has expended a great deal of time, money and work in the development of the work, and its opening will soon reward his labors. All the Renoites are with Bishop Whitaker heart and soul.

Miss C. L. Wolfe, a benevolent lady of New York, donated \$10,000 for the founding of such a school in this State, on condition that the Nevadans would raise a like sum. The Renoites, anxious to possess such an institution, raised \$5,000, and the Bishop has managed to collect the balance. The grounds cover seven acres, and will be carefully laid out and cultivated. The seminary building will accommodate forty regular boarders, six teachers and sixty day scholars.

ANOTHER MURDER.

The Virginia and Truckee train last night brought in the body of a Chinaman who had been seriously wounded by a gang of white men at Huffaker's. Sheriff Jones was informed by telegraph of the affray, and had the train closely watched to see if any one answering the description came in on it. It seems from what we could learn, that several white men attempted to rob a China camp at Huffaker's, at half past 8 last night. The Chinaman did not like this mode of procedure and resisted, whereupon the white ruffians commenced firing into them promiscuously, instantly killing one and wounding another a little below the thigh. The men then ran away, although the officers have a description of them, they were not captured. The darkness of the night favoring their escape. Three murders in a little over two weeks! What are we coming to? The wounded Chinaman was taken to Chinatown by his countrymen. He is well known here as "Sam," having been employed as a cook in several places.

COMMITTED.—Day before yesterday Geo. DeLong was brought before Justice Gilson and formally committed, after which he was remanded to jail. He yesterday sent for a counsellor, and W. L. Knox went to see him. He will be up again this morning at 9 o'clock for examination.

THE REPUBLICAN COUNTY COMMITTEE will do well to remember the call issued for them to meet to-morrow afternoon at 2 o'clock, at the Court House, for the purpose of filling vacancies in the Committee and such other business as may come before the meeting.

We are in receipt of several answers to an article headed "The Reno Library" which was published yesterday morning. As we cannot publish them all, we select the one which contains the most statistical information. "A Paying Member" will have to look after his laurels.

READ the Pioneer Picnic advertisement and get ready to place yourselves under the hospitable care of the old boys on Saturday, August 5th, at Farmer Treadway's. They will do their level best to entertain you—and a better hearted set of men never lived than these same Pioneers.

SHARP TRICK.—Yesterday a lady entered one of our stores and after making a fifty-cent purchase, threw down a \$5 piece in payment, insisting on the discount. The merchant gave her five trade dollars, whereupon she went to another store and passed them at par. Who lost by the operation?

THE RENO LIBRARY.

EDITOR JOURNAL:—In your issue of this morning I read an article signed "A Paying Member," finding fault at the actions of the Reno Library and Social Club at their meeting on last Monday eve. Having the honor of being one of the founders of this institution, one of the committee on drafting the Constitution and By-laws, and having attended all of its meetings, I would like to express my views on the subject. In the first place "Paying Member" says the library was started as a public institution, to which I beg to differ with him, although the intentions of its founders were to make it such, should the citizens of Reno stand in. In the latter part of the preamble of the club I find it says "And we do hereby organize ourselves into an association to be known as the Reno Library and Social Club for the purpose of maintaining a Reading Room and Library." There is nothing in the above article which says it is a public institution. The Club now numbers some 206 members. About 50 have paid their dues regularly. The running expenses of the Club are in the vicinity of \$75 per month. At 50 cents per month as dues, it can easily be seen what cause the Club had in taking the action they did. On last May the Club were in debt some \$175. An assessment of \$2 was levied which was paid by the same few members who have been paying their dues. Six hundred dollars are now standing out for dues and assessments, and the said delinquents have been enjoying the same privileges as paying members. These delinquents have been notified by postal cards and through the press several times of their indebtedness, and although according to the Constitution and By-laws they were liable to expulsion, the Club acted as leniently as possible. In every society members refusing to pay their dues are eventually refused admittance. The few members who have borne all the burdens feel justified in closing the doors to those who refuse paying their dues. "Paying Member" also says give more balls if necessary. It is a very easy matter to give a ball and quite another important matter to make it pay. Out of the number of parties given by the Club three have been a financial success. The profits of these, some \$400, have been expended in improving the rooms. The founders desire to have the rooms open for the public and particularly to strangers, and until the members see fit to pay their dues and assessments, the rooms will have to be closed to the exclusive use of members of good standing only.

JOURNAL OFFICE.

The office of this paper is now in the new two-story brick JOURNAL Building on Second, between Virginia and Sierra Streets.

What a delightful day yesterday was. Up to 3 o'clock in the afternoon it was so hot and sultry that breathing was hard work and keeping cool an impossibility. Then the zephyrs held high carnival, while thunder, lightning and dust played a lively second. Hats caused many a footrace, while boxes made dexterity a desirable qualification.

Bids for the stands, music, etc., for the coming State Fair, are advertised elsewhere. Read them and figure on what you can take either one of them for.

SNIP around to Charley Becker's and get some of his beer. He has Boca beer, Crystal Peak beer and Reno beer always on hand. Sample it and enjoy it.

To-NIGHT the Good Templars nominate candidates for office to serve the next term. A full attendance is desirable.

THE farmers were fearful yesterday that it would rain hard enough to ruin their stacks of grain which were not under cover.

A BEAUTIFUL rainbow graced the eastern sky last evening. It was a beauty.

THE Flying Gallery will return to Reno during the State Fair. Wait and get good pictures cheap.

CON. FOR MATTERS.—The Trustees are holding meeting every day, examining accounts, etc. They issue the following circular to the stockholders:

OFFICE CON. FOR MINING CO.,
RENO, July 19th, 1876.
At a meeting of the Board of Trustees of the Consolidated Mining Co., held on the 17th inst., among other proceedings the following were had: Whereas, Negotiations are pending with capitalists whereby it is believed money can be raised to pay off the present indebtedness of the company without collecting the assessments now pending, and that such arrangements can be effected within the next thirty days; therefore

Resolved, That the sale of delinquent stock now advertised to be held on the 24th inst. be and it is hereby postponed until the 24th day of August next.

And it is ordered that the Secretary be and he is hereby directed to cause a notice to be published informing the stockholders accordingly.

A SPECIAL communication of Reno Lodge, No. 13, F. & A. M., will be held at Masonic Hall, Saturday, July 22d, for work. All members and sojourning brethren in good standing are requested to attend. By order of the W. M.

W. A. WALKER, Sec'y.

THE Chinese question is to be investigated by a committee of three Senators, which is to report at the next session of Congress. Between the black, the yellow, and the red skins our country is in sore perplexity.

GREY & ISAACS.—This young, yet popular firm, are now ensconced in their new store, adjoining Beck & Co.'s, and opposite their old stand. We can truthfully say that the same is one of the handsomest dry goods stores in the State. The firm make a splendid showing, but they could hardly do less, with the fine stock of goods they have. The success they have attained fully warrant them in carrying such a heavy stock, though this is the dull season, and yet they intend doing still better. Mr. Paul Grey, though young, has an old head on him, and understands the business thoroughly. And Isaacs is also very smooth.

PENMANSHIP.—Prof. J. Buck, from Sacramento, will open a Writing Academy on Monday at the school house. Day class will begin at 3 o'clock. Evening class, 8 p. m. Many will remember that Professor Buck taught a class here about three years ago. He comes among us highly recommended, and we bespeak him a good attendance. All who wish to acquire a good hand writing should not fail to improve the opportunity.

MANNING & DUCK have received direct from the manufacturers a car load of Buckeye machines which they will sell at the following extremely low prices:

Iron frame new model Buckeye B. \$120
do do do A. 130
Wood do do do 120
Harvester Mower and Self Rake Reaper. 245
A liberal discount on the above prices for cash. Also for sale the Hollingsworth Buckeye & Tiger Rakes. jcl7-tf

FIRE INSURANCE.—Parties desiring insurance against loss by fire will find it to their advantage to call upon J. K. Everett, at Larcombe's store, corner Second and Sierra streets, Reno, Nev. Policies obtained at low rates in the following first-class companies: Home Mutual of California; Faneuil Hall of Boston, and Mississippi Valley of Tennessee.

MR. JACOB FRESCOTT is our only authorized agent in Reno for the sale of the celebrated new style Florence Sewing Machine.
